COVID-19 Related Information

Arrival

In response to the rapid spread of the Omicron variant, COVID-19 RT-PCR test reports required for inbound passengers must be issued within 2 days which is based on the specimen collection date. Upon arrival, they will be tested again and given COVID-19 rapid test kits for later use.

Students need to take a designated transport car to the quarantine hotel directly.

It costs NT\$2,660 to take a designated taxi from Taoyuan International Airport to Kaohsiung.

10-Day Quarantine

All students are required to go through a 10-day quarantine at a quarantine hotel in Kaohsiung. The quarantine will be counted from the next day of their arrival. During which, they must **not come out from their rooms**. The hotel will provide 3 meals a day. Students can also order from the food delivery services (Uber Eats, Foodpanda, etc.)

The quarantine hotel costs around NT\$1,500 per night (including 3 meals a day).

7-Day Self-health Management

A 7-day Self-health Management follows after the quarantine and virus tests are duly completed and passed. Students can choose to stay in a regular hotel or at the apartment/suite they rent. The dormitories are not open for students to complete self-health management.

During this period, students can go out to buy food or necessities with a mask on **at all times**. They are advised to stay at home as much as possible and avoid going to crowded places. They cannot attend courses during this period.

Completion of Quarantine Measures

After the 7-day self-health management is over, students can directly move into the campus dorm and start their student life at NSYSU.

All students should keep following the COVID-19 prevention measures both on and off-campus.
