Program Description

This short duration English Language Proficiency & Cultural Immersion program is designed for international students who wish to enhance their English language skills while immersing themselves in the rich cultural heritage and sustainable environment of Meghalaya.

The program provides a foundational level of English proficiency, focusing on practical usage for specific purposes.

Key learning areas include:

- Development of the four language skills (listening, reading, speaking, writing)
- Phonetics and pronunciation
- Vocabulary building
- English grammar essential

Program Objectives

- Enable participants to follow and respond to basic instructions in English
- Enable learners with the ability to engage in situation – based conversations using correct grammar
- Enhance the ability to write clear and concise messages with grammatical accuracy
- Guide learners in constructing and organizing paragraphs with coherence and correctness

Program Highlights

Cultural Immersion :

60 percent of the teaching is conducted through experiential cultural immersion activities, enabling the participants to explore local traditions, languages, and lifestyles while practicing English in real-world contexts.

Academic & Personal Growth :

The program's hand-on cultural experiences reinforce language learning while fostering a deeper appreciation for cross-cultural understanding.

Credit Bearing Program :

The program encompasses 60 hours of engagement, equivalent to 4 academic credits.
