

07.02.2025 № 11/02-45

To. Ambassador Extraordinary and Plenipotentiary of  
the Kingdom of Thailand to the Russian Federation

## *Letter of Appreciation*

Dear H.E. Sasiwat Wongsinsawat,

On behalf of Kursk State Medical University (KSMU), I extend our heartfelt gratitude for your congratulations on our 90th anniversary. The Embassy's participation in our celebration was greatly appreciated and added a special touch. Your ongoing support has been instrumental to our growth, and we are truly thankful for your longstanding commitment.

Kursk State Medical University (KSMU) seeks the support of the Embassy of the Kingdom of Thailand in Russia to foster collaborations with leading Thai universities. With a strong history in medical education and research, KSMU aims to establish partnerships in the following key areas:

### Medical Research and Innovation:

- Infectious Disease Research: Collaborate on studies related to tropical diseases.
- Pharmaceutical and Herbal Medicine: Conduct joint research on traditional Thai herbal remedies and their integration into modern pharmacology.
- Cancer Research and Treatment: Develop partnerships focusing on innovative cancer treatments, leveraging Thai's leading oncology research centers.
- Regenerative Medicine and Stem Cell Research: Explore collaborations in stem cell therapy, tissue engineering, and personalized medicine.

### Telemedicine:

- Remote Patient Monitoring: Jointly develop technologies to enhance remote healthcare services for rural and underserved areas in both countries.

### Public Health and Epidemiology:

- Non-Communicable Diseases (NCDs) Prevention: Collaborate on research addressing the rising concerns of diabetes, cardiovascular diseases, and obesity in Thai.

Faculty Exchange and Capacity Building:

- Joint Faculty Appointments: Facilitate shared faculty positions for specialized courses between KSMU and Thai universities.
- Guest Lectures and Seminars: Organize knowledge-sharing sessions between Russian and Thai medical experts.

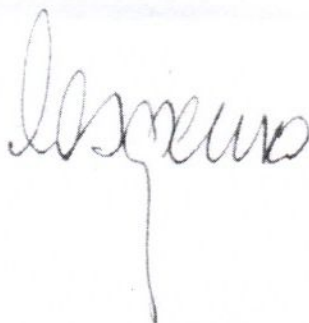

We believe these collaborations will be mutually beneficial, enhancing medical education and research in both countries. We kindly request the Embassy's assistance in connecting us with relevant Thai institutions and key stakeholders who share our vision for collaboration.

As we reflect on our past and look toward the future, we are excited about the opportunities that lie ahead and the potential for further collaboration with your office. Thank you once again for your support and for celebrating this important occasion with us.

Warmest regards,

Sincerely,

Rector Prof,

V.A. Lazarenko
